THE 400LB GORILLA (PAPERBACK)

Spencer Hill Press, United States, 2014. Paperback. Book Condition: New. 170 x 105 mm. Language: English . Brand New Book. Matt Danmor thinks he is lucky. Not many people survive a near death accident with nothing more than a bout of amnesia, a touch of clumsiness and the conviction that the technician who did the MRI had grey skin and hooves. Still, it takes time to recover from trauma like that, especially when the girl who was in the accident with you disappears into thin air. Especially when the shrinks keep telling you she is just a figment of your imagination. So when the girl turns up months later looking ravishing, and wanting to carry on where they left off, Matt s troubled life starts looking up. But he hasn t bargained for the baggage that comes with Silvy, like the fact she isn t really an English language student, or even a girl. Underneath her traffic stopping exterior is something else altogether, something involving raving fanatics bent on human sacrifice, dimensionally challenged baked bean tins, a vulture with a penchant for profanity, and a security agent for the Dept of Fimmigration (that is Fae immigration for those of you not in the know) called Kylah with the most amazing gold-flecked eyes. The `400lb Gorilla` is a caustic, (vampire-free) introduction to the Hipposync Archives: Contemporary fantasy at its sparkling best.
